Soften Plastic: Leading the Way with Innovative Solutions in Plastic Manufacturing

Soften Plastic is a company that stands out in the plastic industry with its leadership and innovative approach. Based in Istanbul, our company specializes in the production of water bottles, and we export to different countries worldwide.

Demonstrating our commitment to international standards, we hold Sedex, BSCI, and ISO 9001 quality certificates, providing our customers with reliable and high-quality products. Soften Plastic, always prioritizing customer satisfaction, holds a pioneering position in its sector.

With a modern production facility spanning 10,000 square meters, equipped with state-of-the-art machinery, we have a monthly production capacity of 1 million units. Continuously improving our market share in Turkey and worldwide, we strive to lead the industry.

Committed to offering our customers high-quality, eco-friendly, and innovative products, Soften Plastic continues to be a reliable business partner with its expertise and experience in the industry.
